

Willamette Falls Paper Company

Making paper has been a part of life in West Linn, Oregon for over 130 years.

Continuing the tradition, Willamette Falls Paper Company is excited to bring new energy and innovation to papermaking in the Northwest. As the only coated free-sheet producer on the West Coast, we offer nimble, responsive manufacturing that delivers what our customers need—quality paper and on-time delivery. The mill operates three paper machines, capable of making coated, C1S, envelope, and uncoated grades with the potential capacity of 260,000 tons.

The Willamette Falls Paper Company looks to be an innovative leader in environmental paper production. Our mission is to continually exceed customer expectations through a commitment to responsive, personalized service along with reliable and competitive variety of paper products.

OUR PRODUCTS

The Capistrano® and Sonoma® brands of #2 and #3 coated free-sheet web papers are well-known and respected throughout the industry. The Nature Web® and Nature Plus® lines of recycled paper are made with up to 30% post-consumer waste. Envelope and Uncoated Offset specialty papers offer brightness of 86-92. Our products are distributed throughout North America for the printing of advertising materials, catalogs, magazines, retail, books, direct mail and packaging.

CUSTOMER SERVICE

As a small, independent mill, we offer customer service and attention to detail that is often overlooked with larger mills. By remaining flexible in our manufacturing, we deliver what our customers need—quality paper with personal attention. Each knowledgeable paper maker, sales, technical support and customer service representative provides the customized service and attention to detail that make doing business with us easy.

ENVIRONMENTAL RESPONSIBILITY

Through sound environmental practices, waste reduction and energy efficient operations, we strive to preserve and protect the natural beauty that surrounds us. We're proud of our accomplishments so far and we have set our sights on future improvements.

Our product lines are available with forestry certification or recycled content. All grades are available with the option of FSC® or SFI® certification. This flexibility allows us to provide our customers with top quality, cost-effective, readily available options for sustainable papers.
